

Arkansas Law Enforcement Training Academy

Coroner: Crime Scene Photography

Title: Coroner: Crime Scene Photography

Time: 2 Days (12 hours)

Course Description: The two day Coroner Crime Scene Photography Course is designed to familiarize the new Coroner (and refresh seasoned Coroners) with digital photography and its use in documenting death scenes and its use as an evidence collection device. The course is designed so that a majority of the time is spent in hands on exercises designed to make the participant familiar with functions of the camera that are used repeatedly in less than perfect conditions and tasking the student to take the correct photos to document the incident.

Items Needed by Student:

Digital Camera

**Not a Cellular Phone -although we will talk about cellular phone cameras.

Tripod

Measuring Device (25' or longer tape measure)

Flashlight
